Yarn Manufacturing and Exporting

EVERGO H.K. INDUSTRY CO., LIMITED as one of the subsidiaries of JIANYE GROUP CO., LTD., mainly engages in the yarn manufacturing and exporting. With the sophisticated equipments and advanced testing instruments, the factory adopts first-line raw materials, introduces advanced equipment from Japan and Germany, and has good management experience to ensure the quality of the yarn produced.

At present, we are mainly exporting to India, Bangladesh, Brazil, Peru, Egypt, South America Thailand, South Korea, Japan, Pakistan, Italy, Spain and other countries, and has an excellent reputation in overseas markets with annual exports of 30,000 Mt.

Machinery Equipment

Machinery and Equipment:

The factory adopts first-line raw materials, introduces advanced equipment from Japan and Germany by utilizing the latest spinning manufacturing setups to deliver best quality yarns with international quality standards.

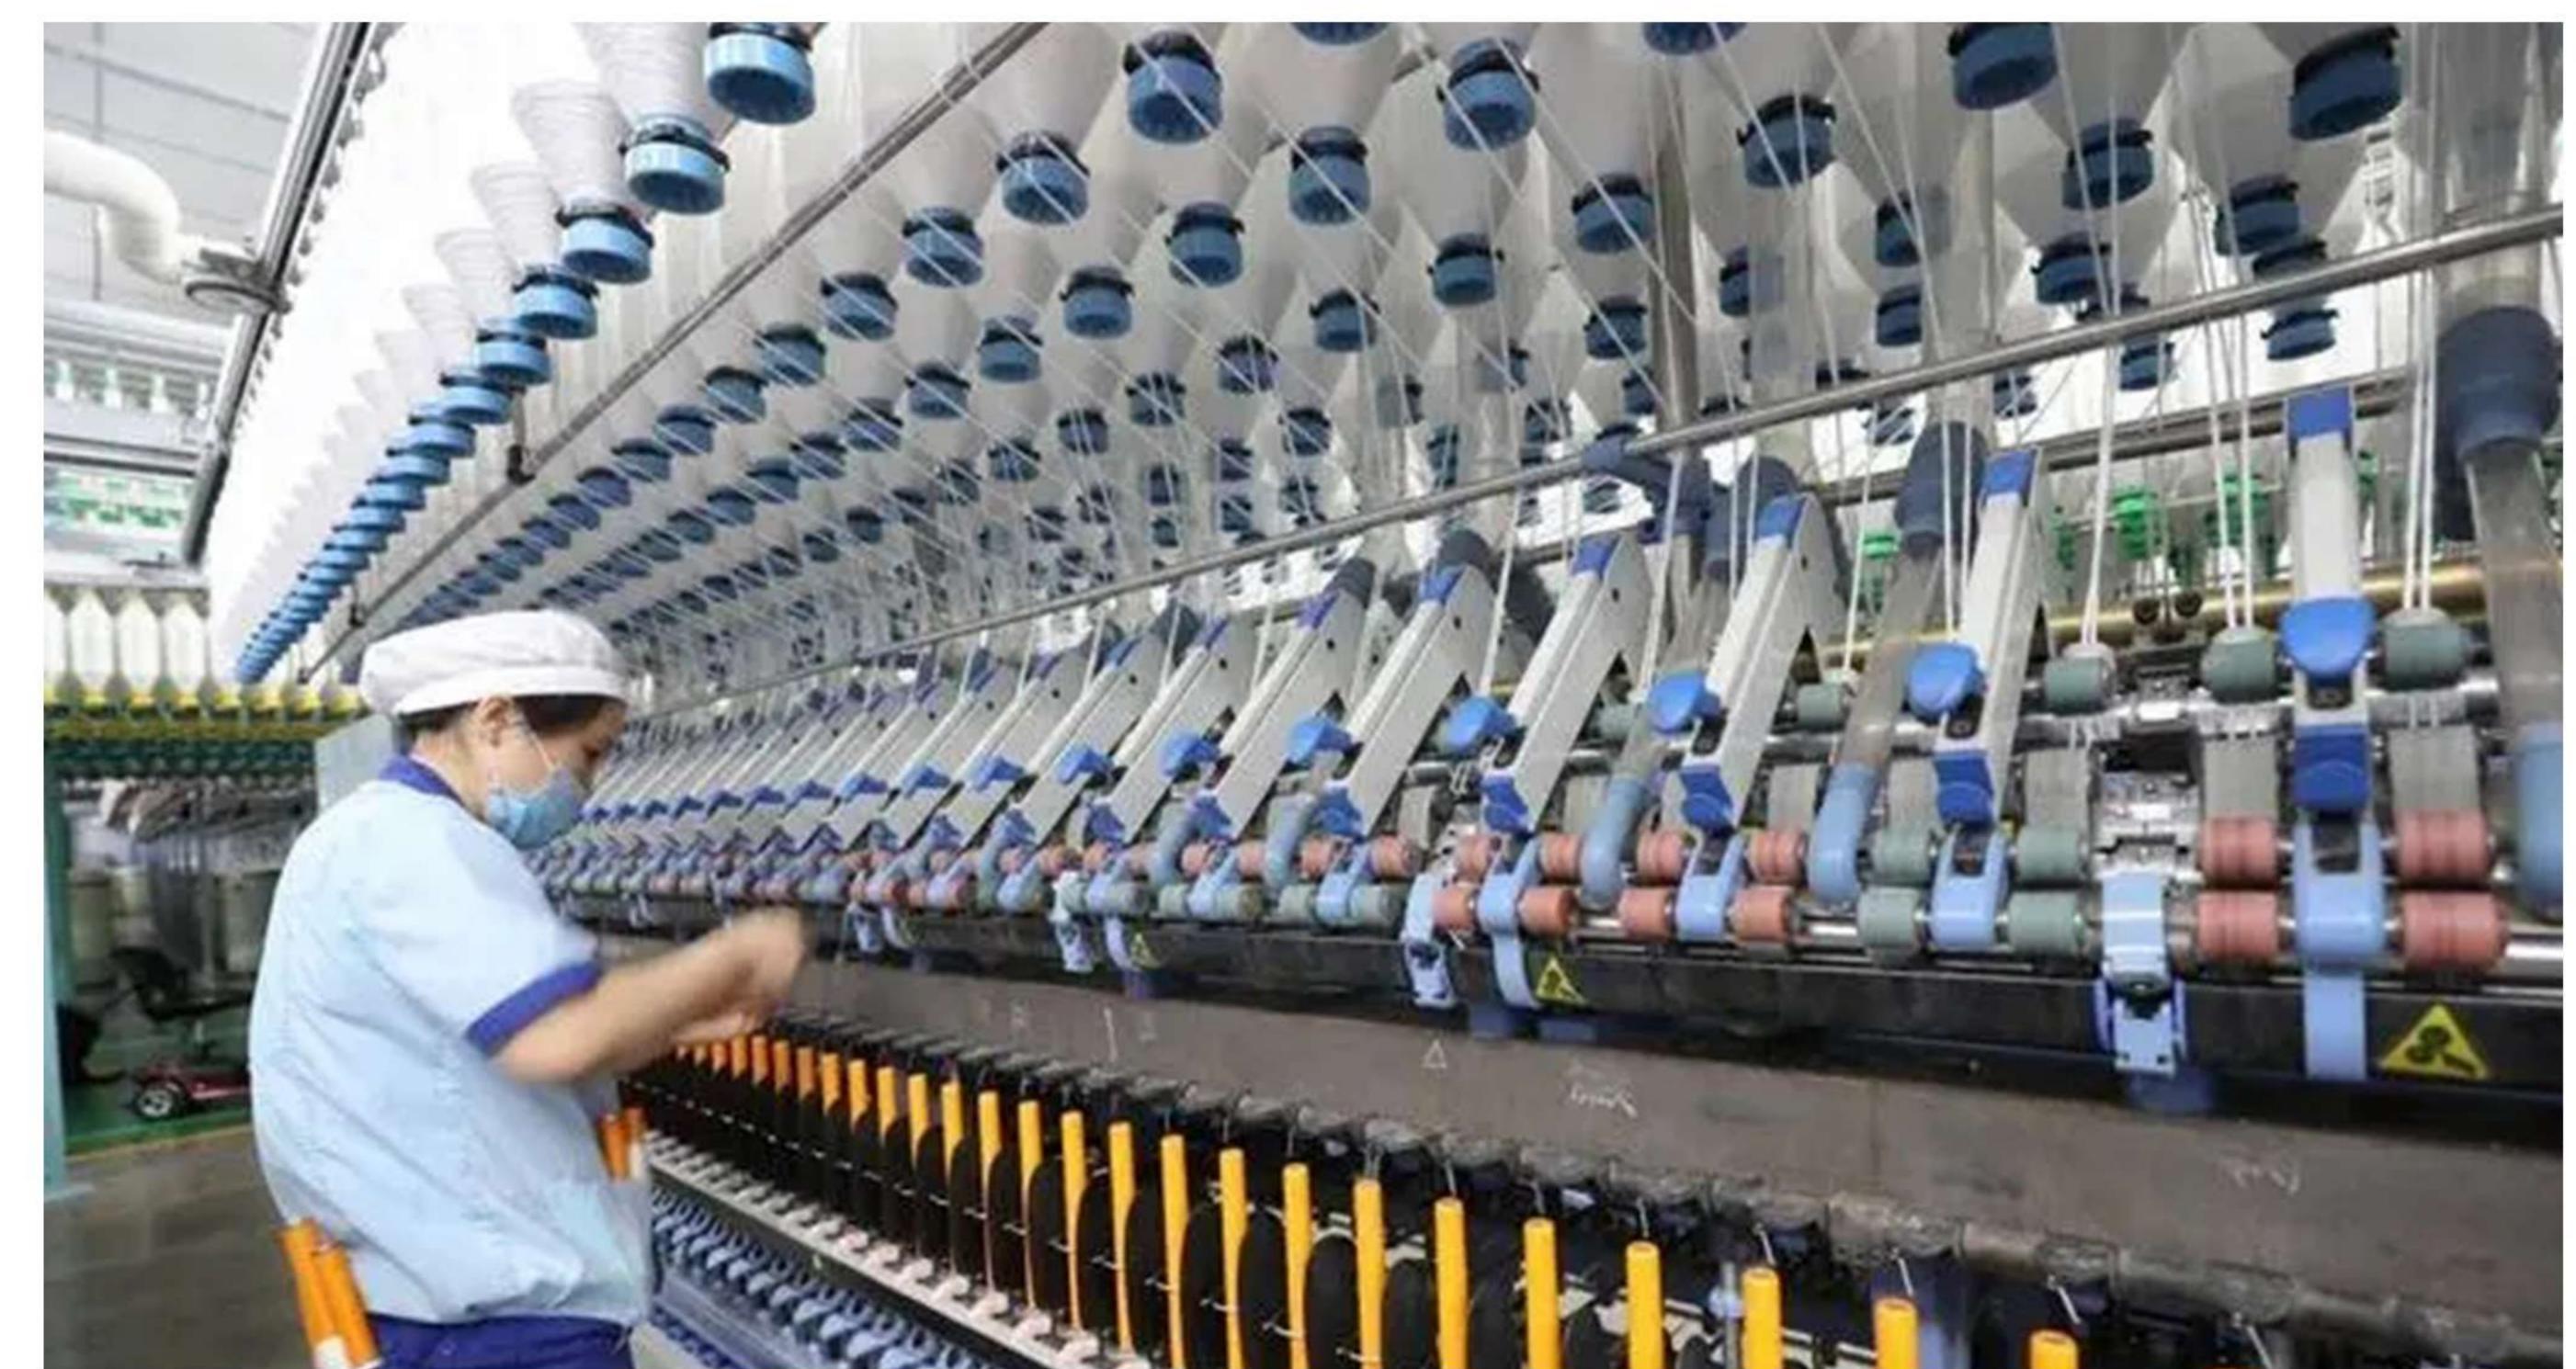

Machine	Make and Type
Blow Room	Truetzscler blow room equipped with advanced opening and cleaning process (Blendomat and Cleanomat)
Carding	Truetzscler TC 5 and Rieter C60 with consistent sliver quality
Draw Frame	Truetzscler TD 03-600 and Rieter RSB D 45 with sliver regulation for uniform mass across length sliver
Speed Frame	Lakshmi automatic doffing and Zinser automatic roving system with bobbin transport
Vortex Spinning	Murata Vortex 861 vortex spinning machine
Vortex Spinning	Murata Vortex III 870 vortex spinning machine
Ring Frame	Japan Toyota RX300 Siro spinning machine
Ring F rame	Toyota RX300 Ring Spinning machine
Open End	Rieter R923, R36 rotor spinning frame
Winding	SAVIO full-automatic bobbin winder, Murata QPRO tray type automatic winder
